Broke By Sunday is a high energy variety band featuring professional, experienced musicians and entertainers, with years of experience in the industry. The group brings a fun atmosphere and party vibe with them, with a stellar songlist and light show, two lead vocalists, deep grooves, awesome harmonies, and a propulsive rhythm section.

The songs, artists, and genres heard at a BBS show know no bounds, covering everything from modern rock to top 40, dance music to new country, rap and hip hop to classic rock, pop, funk, RnB, and all the music that you know and love from the 60s to today, all guaranteed to get you up on your feet and singing along!

Since January 2010, Broke By Sunday has wowed audiences throughout the East Coast, and has shared the bill with acts such as the 10,000 Maniacs, Kip Moore, Colt Ford, and more.

For venues or events with a little bit more of an intimate atmosphere, BBS can perform as a two or three piece acoustic act. Even better, Broke By Sunday's acoustic songlist still includes all your favorite songs!

Broke By Sunday offers a *top notch songlist*, a full *LED light show*, a sound system capable of handling a wide range of venues, the ability to DJ between sets, and a *professional attitude* and demeanor... the full package for any and all of your entertainment needs!
